To Whom It May Concern:

I'm pleased to recommend Anderson Ladd & Robbins Sports Surfaces. The Sanford Pentagon had the pleasure of working with the Anderson Ladd & Robbins group as they installed all nine Robbins Hardwood Floor Surfaces for The Pentagon last August. The Anderson Ladd & Robbins staff did quality work and finished in a timely manner.

We are extremely happy with the final results and we are getting great reviews from the players and coaches who use the courts.

As the General Manager of the Sanford Sports Complex I would recommend Anderson Ladd & Robbins and I wouldn't hesitate to use them on another project.

Sincerely,
