Michael Foster
Foster Specialty Floors
30681 Wixom Road
Wixom, MI 48393

Dear Michael,

On behalf of Weigand Construction Co., Inc., I would like to give my full recommendation on Foster Specialty Floors in the North American Sports Floor Contest. Our most recent experience with Foster Specialty Floors was the renovation of the George C. Roche Sports Complex at Hillsdale College in Hillsdale, Michigan. The original sports complex, dedicated in 1988, housed the offices of all Athletic Department faculty and staff, classrooms, practice and training facilities. It also served as the site for all home games and meets. With an ever increasing student enrollment, Hillsdale College needed to make some renovations to the complex to accommodate for growth. Weigand Construction completed an interior renovation to the 48,300sf building, with state-of-the-art fitness space, three full-size basketball courts, and new lighting and fixtures. This project was on a fast track schedule and was completed in five months.

Foster Specialty Flooring was a key part of the project success, due to their scope encompassing most areas of the project. Foster completed their scope with high quality and on schedule, which was critical for a scheduled home volleyball game.

I would be willing to discuss our experience with Foster Specialty Floors further if anyone has any questions. Thank you.

Kent Gilliom, DBIA
Project Manager
